April Workshops

Cognitive Development

I Saturday I 4.21.2018 I 9:00am–12:00pm I \$10/per person

The first three years of life are a period of incredible growth in all areas of a baby's development, but most dramatically within an infant's brain. Throughout the first 3 years, an infant's brain creates hundreds of trillions of connections, or synapses. In this workshop we will explore the structure of brain development including how infants are "wired" for learning.

Presented by: Jeanette Bellerive M.A. and Melissa Valdivias

Disaster Preparedness

I Thursday I 4.26.2018 I 6:30pm–9:00pm I \$10/per person

This workshop will provide vital information from the California State Disaster Plan, concentrating on Child Care Health and Safety Preparedness. You will gain knowledge of your responsibility and the steps to take before, during and after a disaster occurs.

Presented by : Corazon Mendoza and Melissa Valdivias

All Workshops will be held at:
